

# Helicopter Operations and Loss of Control Seminar

Whether you manage, maintain or fly helicopters this seminar will address important topics crucial to operational safety.

This seminar will feature in depth discussion on loss of control occurrences, the pilot/mechanic relationship, and the new FAA compliance philosophy as well as its effects on the aviation industry.

**Directions:** University of Wisconsin Hospital, Madison, WI

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
